

The people of the "Middle East" ** have suffered greatly, but especially the Palestinians and for over 70 years. What underlies this? This plan, and general aim, by an evil and exclusive cult - 'Zionism', for Eretz Israel

The Hebrew of the author, Oded Yinon, was translated by a good Israeli into English - Israel Shahak, ex-Poland. A universalist and atheist. Yinon writes of the decimation of all Arab entities/states using the Shia/Sunni divide (it did not exist in Iraq), tribal loyalties etc. Iraq was number ONE. Going to plan - Iraq, Libya, Syria – in the balance, the Yemen. More widely - countries where Islamic belief predominates. The trigger for massive assault - 9/11. No doubt. Pakistan and Kashmir currently, via the proxy India, which has very close relations with Israel, as does Sri Lanka. Gearing up for Iran - the US/UK the proxies. Goading ++ >>> waiting for an Iranian response. Then war. Destroy key sites in Iran.

I first learned of Yinon's words, from a Marxist 'Jew', Ralph Schoenman. He sent me the little and excellent book by him - 'The Hidden History of Zionism' - on line. He had made contact with the lady, Rowena Thursby, who had brought me into a circle of 2! re Dr David Kelly. I realise now why. We have corresponded since.

** The title, 'Middle East' symbolic of the European colonial mind – cf. say if the Japanese called Europe and the US 'the Far West')
